

Hereby announcing

# Surlyk Symposium of Sedimentology 2013 - from a pioneering to a central geoscience discipline

## Friday the 3<sup>rd</sup> of May 2013 in Copenhagen

Delegates are requested to register for morning sessions, afternoon sessions, or both.

Please register [geo.ku.dk/surlyk\\_symposium/](http://geo.ku.dk/surlyk_symposium/) before 19<sup>th</sup> of April  
Registration is possible from Friday the 15<sup>th</sup> of March 2013 at 10.00

**Prof. Dr. Finn Surlyk** retires from his position at University of Copenhagen in 2013. To celebrate and acknowledge his outstanding contribution to geology in general and sedimentology in particular a group of present colleagues and former students from Department of Geosciences and Natural Resource Management proudly announces a scientific symposium. The symposium features talks from invited internationally renowned scientists. They will present scientific results with the central theme being sedimentology and its development from a pioneering science into a mature and central discipline in geosciences.

### Program

08.30 – 09.00	Coffee
09.00 – 09.15	Welcome
09.15 – 09.45	Lars Stemmerik, University of Copenhagen
09.45 – 10.15	Henry Posamentier, Chevron Houston
10.15 – 10.45	Coffee
10.45 – 11.15	Judy McKenzie, ETH Zürich
11.15 – 11.45	Jon Ineson, GEUS
11.45 – 12.15	John Hurst, Genel Energy
12.15 – 13.30	Lunch
13.30 – 14.00	Maurice Tucker, Durham University
14.00 – 14.30	Gregers Dam & Michael Larsen, DONG Energy
14.30 – 15.00	Break
15.00 – 15.30	Poppe de Boer, Utrecht University
15.30 – 16.00	Stephen Hesselbo, University of Oxford
16.30 –	Reception

### Practical information

**Venue:** Department of Geosciences and Natural Resource Management, Ceremonial hall, Øster Voldgade 10, DK-1350, Copenhagen.

**Date and time:** Friday the 3<sup>rd</sup> of May 2013, 09.00-16.30 (followed by a reception).
