Content, vol. 62

Jørn G. Rønsbo, Henning Sørensen, Encarnación Roda-Robles, François Fontan & Pierre Monchoux: Rinkite-nacareniobsite-(Ce) solid solution series and hainite from the Ilímaussaq alkaline complex: occurrence and compositional variation ................................................................. 1

Daniela Schwarz-Wings, Jesper Milàn & Palle Gravesen: A new eusuchian (Crocodylia) tooth from the Early or Middle Paleocene, with a description of the Early–Middle Paleocene boundary succession at Gemmas Allé, Copenhagen, Denmark ......................................................................................... 17

Anna Katerinopoulou, Tonci Balic-Zunic, Jochen Kolb, Alfons Berger & Karsten Secher: Manganiferous minerals of the epidote group from the Archaean basement of West Greenland.......................................................... 27

Agnete Weinreich & Gilles Cuny: A study of the sharks and rays from the Lillebælt Clay (Early–Middle Eocene) of Denmark, and their palaeoecology .... 39

Mads Engholm Jelby, Nicolas Thibault, Finn Sørløk, Clemens V. Ullman, Rikke Harlau & Christoph Korte: The lower Maastrichtian Hvidskud succession, Møns Klint, Denmark: calcareous nannofossil biostratigraphy, carbon isotope stratigraphy, and bulk and brachiopod oxygen isotopes........... 89
Bulletin of the Geological Society of Denmark
is published by the Geological Society of Denmark (DGF, Dansk Geologisk Forening), founded in 1893

Chief editor
Lotte Melchior Larsen, Geological Survey of Denmark and Greenland (GEUS), Østergade 10, DK-1350 Copenhagen K, Denmark. Tel: +45 35322449; E-mail: lml@geus.dk; (palaeoecology, palaeontology)

Scientific editors
Lars B. Clemmensen, Department of Geosciences and Natural Resource Management, University of Copenhagen, Øster Voldgade 10, DK-1350 Copenhagen K, Denmark. Tel: +45 35322449; E-mail: lars@ign.ku.dk; (clastic sedimentology, sedimentary basins and paleoclimatology).

Ole Graversen, Department of Geosciences and Natural Resource Management, University of Copenhagen, Øster Voldgade 10, DK-1350 Copenhagen K, Denmark. Tel: +45 35322537; E-mail: oleg@ign.ku.dk; (structural geology and tectonics).

J. Richard Wilson, Department of Geoscience, University of Aarhus, Højeh-Guldborgs Gade 2, DK-8000 Aarhus C, Denmark. Tel: +45 25321169; E-mail: jrw@geo.au.dk; (igneous petrology and geochemistry).

Henrik Tirsgaard, Mærsk Olie og Gas AS, Esplanaden 50, DK-1263 Copenhagen K, Denmark. Tel: +45 61209140; E-mail: Henrik.tirsgaard@maerskoil.com; (carbonate sedimentology, petroleum geology and sedimentary basins).

Michael Houmark-Nielsen, Natural History Museum of Denmark, University of Copenhagen, Øster Voldgade 5-7, DK-1350 Copenhagen K, Denmark. Tel: +45 35324344; E-mail: michaelhm@snm.ku.dk; (Quaternary geology).

Jesper Milin, Geomuseum Faxe, Østsjællands Museum, Østervej 2, DK-4640 Faxe, Denmark. Tel: +45 23219488; E-mail: jesperm@oesm.dk; (palaeontology).

Lars Nielsen, Department of Geosciences and Natural Resource Management, University of Copenhagen, Øster Voldgade 10, DK-1350 Copenhagen K, Denmark. Tel: +45 35324345; E-mail: lni@ign.ku.dk; (geophysics).

Jan Audun Rasmussen, Natural History Museum of Denmark, Øster Voldgade 5-7, DK-1350 Copenhagen K, Denmark. Tel: +45 35322386; E-mail: janr@snm.ku.dk; (palaeontology).

Erik Thomsen, Department of Geoscience, University of Aarhus, Højeh-Guldborgs Gade 2, DK-8000 Aarhus C, Denmark. Tel: +45 87156443; E-mail: erik.thomsen@geo.au.dk; (palaeoecology and stratigraphy).

Instructions to authors:

The Bulletin publishes articles normally not exceeding 30 printed pages, notes not longer than 4 pages, and short contributions of maximum 1 printed page. Longer articles and monographs are also published, but in this case it is advisable to consult the chief editor before submitting long manuscripts. Short contributions may be comments on previously published articles, presentation of current scientific activities, short scientific notes, or book reviews.

Manuscripts with complete sets of illustrations, tables, captions, etc., should be submitted electronically to the chief editor (bulletin.geus.dk). The main text with references and figure captions should either be in Word or pdf format, figures should be in either pdf, jpeg, or tiff format, and tables should be in Word text format, i.e. written in lines with tab spacing between table columns, or in Excel format. “Word tables” are discouraged because they are not natively formatted easily. Consult the editor before submitting other formats.

Manuscripts will be reviewed by two referees; suggestions of referees are welcome. The final decision on whether or not a manuscript will be accepted for publication rests with the chief editor, acting on the advice of the scientific editors. Articles will be published in the order in which they are accepted and produced for publication.

Manuscript

Language—Manuscripts should be in English. Authors who are not proficient in English should ask an English-speaking colleague for assistance before submission of the manuscript. Title—Titles should be short and concise, with emphasis on the area of primary interest. The rate of publishing is one volume per year. All articles are published as pdf-files immediately after acceptance and technical production.

Scientific editing and reviewing are done on an unpaid basis; technical production expenses are covered by the membership fees.

Instructions to authors:

See inside the back cover and also http://2dgf.dk/publikationer/bulletin/index.html

References list

Use the following style:

Sitting—Danish letters æ, ø and å (aa) are treated as ae, oe and a (aa), respectively.

References are sorted by:

1: Alphabetically by the first author’s surname.
2: Papers by one author: two or more papers are arranged chronologically.
3: Papers by two authors: alphabetically after second author’s name. Two or more papers by the same two authors: chronologically.
4: Papers by three or more authors: chronologically.

Papers from the same year are arranged alphabetically after second, third, etc. author’s name.

Authors themselves are responsible for the accuracy and completeness of their references. The reference list must include all, and only, the references cited in the paper (including figures, tables, etc.).

Illustrations

May be prepared in either black and white or colour. There is no colour charge. Horizontal illustrations are much to be preferred. Size of smallest letters in illustrations should not be less than 5.5 pt. Remember scale.

All figures (including photographs) should be submitted in electronic form ready for direct reproduction, i.e. having the dimensions of the final figure with a standard resolution of 300 dpi for photographs. Preferred formats are pdf, tiff and jpeg.

Size—The width of figures must be 82 mm, 125 mm or 171 mm.

Maximum height is 223 mm.

Captions—Captions to figures and plates must be delivered on separate pages, preferably at the end of the manuscript.

Supplementary data files

Supplementary data files are accepted. Such files may provide e.g. analytical data tables, detailed data documentation, illustrations with special effects, or videos.

Proofs

Authors receive page proofs of the article after technical production. The cost of any alterations against the final manuscript will be charged to the author.

Cover: The sea cliff at Træle Næs in eastern Jutland just east of the town Fredericia. The cliff exposes Early to Middle Eocene expanding clays from the Lillebælt Clay Formation and the Swed Marv Formation. The clay is unstable and forms landslides. Wave-washed fossil remains such as shark teeth from the clay can be found on the shore. See this volume pp. 39-88. Carlsen, A.W. & Cuny, G.: A study of the sharks and rays from the Faroes and Greenland (GEUS), Øster Voldgade 10, DK-8000 Aarhus C, Denmark. Tel: +45 87156443; E-mail: erik.thomsen@geo.au.dk; (palaeoecology and stratigraphy).
